### The Weave

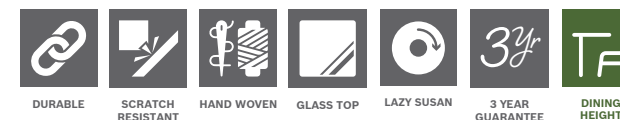

Turnberry weave has a half round profile in two tone grey which matches the weave of Havard making the two collections coordinate perfectly.

### THE COLLECTION

Traditional styling in cool modern colours makes Turnberry one of our best selling collections with an emphasis on family and friends dining occasions. Extra details like lazy susans on the larger round tables and the unusual oval table on the larger dining sets make this a popular choice with those looking for a new twist on an old favourite.
